

DIY FOSSIL ROCKS

Fossil Dough Ingredients

- 2 Cups of Flour
- 1 Cup of Salt
- 1 Cup of Fresh Ground Coffee (You can mix in some sand for an even more realistic look)
- 1 Cup of Water

Fossil Making Materials

- Plastic toy dinosaurs or bugs

Instructions

1. In a large mixing bowl combine all of the above ingredients together. Stir together, scraping the sides, until a soft pliable dough has formed.
2. Divide the mixture into equal parts, place objects in the middle and/or roll into shape(s).
3. Leave to air dry for at least two to three days or speed up the process by baking in a 200°F oven until dry and hard (about 4 hours).
